CLASSROOM

Our classroom training courses are participant-centered and delivered in different venues worldwide by Our Certified Trainers.

This training delivery format can be especially beneficial for those wishing to learn through cooperative activities and group work as well as have interaction with peers, share experiences, ideas, and opinions. This remains the most comprehensive format that allows participants to capture the entire experience of training.

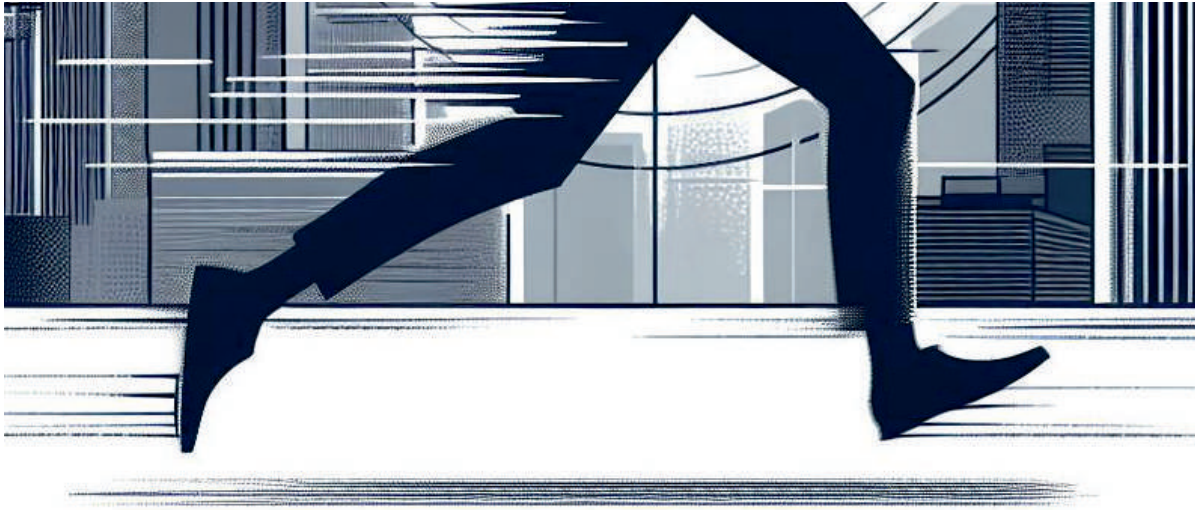

WHAT IS DIFFERENT ABOUT US ?

We Enhance Youth Employability and Entrepreneurship Opportunities

We have Wide Network in Various Industries and Sectors

We Balance Between Results and Method

We Customize Our Training Programs For Corporate Needs

OUR VISION

To be the Standard in the provision of fully integrated ICT Solution delivery in Ghana and Africa; consistently servicing our clients with the newest technology, training and certification at a competitive price. We underwrite and guarantee high quality delivery on all our courses.

OUR MISSION

Our main mission is to support and help partners to implement a successful training project.

The CERTIFIED GHANA's training programs are designed to give our partners practical information that includes strategies, tactics, tips and techniques that can be applied immediately to improve their specific situations and requests.

LIVE ONLINE

Our live online training courses are synchronized events organized in a live virtual meeting room/ classroom environment. These training courses offer an engaging and interactive learning experience led by Our Certified Trainers via sophisticated tools that allow remote teaching.

This training delivery format makes learning more accessible to our candidates in new ways, especially to those who do not have travelling as an option, or when late classes are the only feasible alternative.

TEAM PROFILE

DR. RANSFORD MENSAH

FOUNDER, CERTIFIED GHANA

Dr. Ransford is a seasoned IT professional, International Consultant, and Educator, bringing a wealth of experience to his roles. His primary focus lies in assisting organizations in enhancing the performance of technology deployed to implement digital strategies and organizational changes. His goal is to ensure that organizations derive maximum benefits from their technological investments. Dr. Ransford advocates for a business-focused IT service delivery approach, placing a strong emphasis on benefits realization and change management.

With a rich background in international work environments, Dr. Ransford has collaborated with esteemed institutions such as the World Bank, USAID, UNCDF, UNDP, UNF, GIZ, AfDB, AWDF, and others.

For the past decade, Dr. Ransford has dedicated his expertise to part-time teaching, delivering courses both face-to-face and online in Postgraduate programs at major universities in Ghana.

TEAM PROFILE

PRINCE ADJEI

HEAD, DIGITAL TRANSFORMATION OFFICE

Prince Adjei is a Development Consultant and Educator. As the Digital Transformation lead in Certified Ghana, he plays a pivotal role in formulating and directing strategic plans for projects. His responsibilities encompass overseeing the coordination of personnel and resources necessary for project completion, as well as managing the deployment of digital programs across Africa. Prince also plays a key role in shaping strategic training objectives for partners, ensuring their successful implementation to achieve targeted goals.

He provides consultancy services to various governments and development partners, offering valuable insights into effective digital tools essential for the delivery and sustainability of inclusive government digital services. Over the past decade, Prince has consulted for prestigious entities such as the United Nations Foundation, FirstRand Group, Luvent Consulting GmbH, Africa Women Development Fund, GIZ, African Development Bank, Bank of Ghana, and the Governments of Gambia, Sierra Leone, and Liberia. His expertise has extended to engagements with Ecobank Transnational Incorporated, Kofi Annan International Peacekeeping Training Centre, and numerous other organizations.

CODING & ROBOTICS FOR KIDS

With a growing economy that has a higher demand for STEM fields, it's important that the next generation learns how they can make a difference in their world. That is why Certified Ghana offers a variety of classes and workshops that kids of all ages can enjoy. Robotics camps and classes give students the opportunity to dive deep into the world of robotics and explore how computer programming and robot design can solve problems big and small.

IC³ INTERNET COMPUTING FUNDAMENTALS

IC³ is the world's first certification program for digital literacy and the most commonly recognized standard of digital literacy today. IC3 is both accepted for college credit by the American Council on Education (ACE) and aligned with the National Education Technology Standards (NETS) for teachers and students from the international Society for Technology in Education (ISTE). Students and teachers who achieve IC3 certification passes the validated skills and knowledge required for basic use of computer hardware, software, networks and the internet.

To become IC3 Certified, you must pass all of the following three (3) exams (each exams takes less than an hour to complete):

Part A: Computing Fundamental: Computer Hardware ,Software, Operating system, Mobile, Cloud Computing and Security.

Part B: Key Application: Word Processor, Presentation, Spreadsheet, database and Graphics

Part C: Living Online: Internet, Electronic Mail and Social Media.

Let your Child learn with the Expert-Certified Ghana Tutors

- ▶ **TRAINING NEED ANALYSIS** Our TNA Experts can help your HR and Training Departments gauge the skills gaps in your organization and recommend practical training and development.
- ▶ **DRIVE LITERACY** Making people comfortable with English language & basics of Computers through various foundation courses.
- ▶ **IT SKILLS ENHANCEMENT** Upgrading or enhancing individual skills as per their organization requirement.
